

## Greetings from Student Union O'Diako!

Congratulations, great to have you on board with us! Although you have hours of hard work ahead of you to earn all the credits, do not forget that studying is not just lectures and exams. In the company of your fellow students the journey will be unforgettable!

### What is O'Diako?

O'Diako is the student union of all students in Diak, regardless of the campus and degree. We are strongly present in the day-to-day life of Diak students: we arrange peer tutoring to help you get started with your studies and assist with anything related to studies and student life. As our member you will also become part of a unique community in our warm-hearted student union. We are creating a better tomorrow for the students - a better tomorrow for you.

### Why would I join O'Diako?

As a student union we are always there for you in case you need help or support whilst taking care of your rights and enhancing your well-being. We provide ways for influencing, opportunities to play sports as well as events of many kinds. As a member of O'Diako you are entitled to multiple benefits and, among other things, pay less for our yellow overalls, many events and other products.

### How will I join, who can I ask for help?

Check out our website [en.odiako.fi](http://en.odiako.fi) to find more facts in regards to your student union and becoming a member. If you do not find all the information you need, our executive director Juha-Pekka Tulijoki will help you with membership related things from the 9th of August onwards: 050 4100 743 or [toiminnanjohtaja@odiako.fi](mailto:toiminnanjohtaja@odiako.fi).

## Welcome!
