INSTRUCTIONS

The application time is 3.5.-4.6.2021. To apply for a scholarship, fill in this form and submit it to the admissions office. Decisions on the scholarships will be made on 9 June 2021.

All students who have obtained 55 credits or more during the previous academic year may be granted a scholarship (50% of the tuition fee). The tuition fee for the next academic year (2021-2022) must be paid by the

end of August 2021. If the student has received a scholarship for the previous academic year, the scholarship can be reduced from the tuition fee of the next academic year.

Under special circumstances, scholarships of smaller size may be considered as well for students who obtained more than 50 but fewer than 55 credits during the previous academic year. In such cases, the students must append an explanation to their scholarship application in the box below, detailing their credits and the reasons why the number of credits remains below 55; these students will also be required to include the appropriate documents to verify the facts presented.
